dougdressman@diabetes-exercise.org
1-800-898-4322

Conference Theme & Objective

This year's theme "Bridging the Gap — bringing the Sports Medicine and Diabetes communities together!" will unite scientist, clinicians and patients with type 1 and type 2 diabetes in a forum of up-to-date lectures and workshops.

Education coupled with social and physical activities will provide a unique opportunity to share up-to-date techniques for enhancing diabetes management, exercise and sports performance at all levels.
